Phone: 07577222750   Email: cebarnsley@gmail.com   Stockport, England

GitHub   Website   LinkedIn

An enthusiastic **Front-End Developer**, well-versed in **HTML**, **CSS**, **JavaScript,** and **React**. Passionate about learning new things and keen to embark on a fresh challenge.

Technical skills

- HTML
- CSS (SASS)
- JavaScript
- React (Hooks, Redux)
- APIs
- Source Control (GitHub)
- Node.js
- Testing
- NPM
- Responsive Design
- Bootstrap
- Databases (SQL, PostgreSQL)
- TypeScript
- Security

Experience

2020 - Personal Website - https://cebarnsley.github.io/profile-website/

Created to showcase other projects. Fully responsive and uses **SASS**, **JavaScript** and some **jQuery**.

2021 - React App - https://cebarnsley.github.io/react-food-chooser2/

An interactive and responsive app to help with the age-old question, what should I eat! Utilises **Hooks** to manage state as you edit the options before requesting a random result.

Key Skills

- Performing under pressure in high-stakes situations.
- Anticipating the needs of team members to solve problems before they manifest.
- Coordinating and organising teams, delegating responsibilities.
- Flawless track record for punctuality and meeting deadlines.
- Fully qualified first aid responder.

Employment History

2015 – 2019 Manchester Royal Infirmary

- Coordinating theatre lists, maintaining effective communication between various members of the multidisciplinary team to ensure maximum efficiency and reduce cancellations.
- Managing staff in the lists, delegating roles according to the skillsets available.
- Training new starters, helping them build confidence, knowledge, and skills in a highly specialised area.
- As a mentor, tailoring learning experiences to meet individual needs.
- Working in high pressure situations, being prepared with the correct resources, using past experiences as well as colleagues' knowledge, remaining calm and focused.
- As part of the National Organ Retrieval Service, being on call to travel to various hospitals around the country at any time of the day or night, and assisting with the safe retrieval of the organs assigned for donation.
